Education

Bachelor of Science (BSc) in Biotechnology

*Sri Lanka Institute of Information Technology
(SLIIT)*

Graduated: 2024

Relevant Coursework:

Molecular Biology, Microbiology, Biochemistry,
Genetics, Cell Biology

G.C.E. Advanced Level (A/L)

Haydon School | 2020

Biology(A), Chemistry(A), Mathematics(A)

G.C.E. Ordinary Level (O/L)

St. Paul's Girls' School | 2017

Science (A), English Language(A),
Mathematics (A), Sinhala Language (A),
History (A), Buddhism (A), English Literature (A),
Health and Physical Education (A),
Business and Accounting Studies (A)

Microbiologist

Gam Hewage Piumlee Lehansa Abeywardhana

Objective

Biotechnology undergraduate with academic exposure to microbiology, laboratory techniques, and food safety concepts. Seeking an entry-level or internship opportunity in a microbiology laboratory to gain hands-on experience and contribute to quality, hygiene, and safety standards in the FMCG sector.

Experience

Worked as a **Lab Assistant** for one year at Micronet Global Services (Pvt) Ltd. Gained hands-on experience with complex laboratory equipment and experiments.

LANGUAGE PROFICIENCY

- **Sinhala** – Native
- **English** – Professional Proficiency

EXTRACURRICULAR ACTIVITIES

- Active member of university academic and student activities
- Participation in scientific seminars and workshops
- Volunteering and teamwork experience

TECHNICAL PROFICIENCY

- Basic microbiology and biotechnology lab techniques
- Handling of common laboratory instruments
- Aseptic techniques and lab safety practices
- Data recording, analysis, and report preparation
